

What we think about our residential school

For many students being part of the residential School gives them a chance to work on their independence skills within a supervised environment, as well as socializing with other students and making new friends.

The main aim of the residential school is to promote and encourage as much independence as possible whilst having fun. Even if it's just a case of learning to make a hot drink!

Why don't you phone and talk to one of us?

"It's incredibly easy to be different".

"They promote you to be your best. You're given rights and you make the most of it".

"It's a hard thing to speak out— spend a term or two here and your pretty much set"

What we told Ofsted

"Unbelievably amazing to see how it does bring you out of our shells".

"there's no discrimination here" and it's a really safe place to be".

St. Francis Residential School

To be a young person without the parent restriction!

We like having fun, food and clubs

► Why you should give it a go!

There's lots of fun and exciting things to be done at Residential. These are just a few!

You make good friends.

Learn new skills.

Enjoy doing cool things together.

The clubs are fun

Monday night Youth Club.

We get a say in the clubs. There's sports club on a Wednesday

Tuesday night wheelchair basketball/sports club.

On Thursdays we have Creative art club!

Going out

Sailing boat races at the beck.

We choose where we want to go.

Learning how to cook

We cook meals we want to eat.

We all help and respect each other.

Yes, we wash up afterwards too!
